The Grand Tour is our signature adventure! We have put everything into this tour. You will enjoy Whale watching on the coast, and bear watching in the mountains, with a cruise, and a mountain train in between. Amazing high mountain passes, fascinating Native culture, wine tasting and even world class gardens; All done at a relaxed pace in a small group at a very affordable price, by guides that really know their stuff. This is an adventure tour for the discriminating.

From the dramatic Northwest Coast of the Pacific to the magnificent Rocky Mountains, this giant circle around British Columbia has it all.

It starts with a visit to quaint Victoria, and continues with a cruise on the world famous Inside Passage, the same route used by the Alaska cruise ships. From the Pacific Ocean we take the train into the Rocky Mountains, to Jasper and Banff National Parks. The return leg of the journey by motor coach takes us across the fertile interior, and down the dramatic canyon of the Fraser.
