Flowers and Whales!.....Who Could ask for more? A morning cruise to Vancouver Island starts our tour, and then straight off for a Killer Whale watching excursion. Then a stop at the world famous Butchart Gardens. Enjoy free time in the quaint city of Victoria, before heading up the island to see 1000 year old trees, and enjoy a native cultural experience with a traditional grilled salmon meal. Day three we are on to the rugged outer coast of Vancouver Island, and is all about Whales as we spend the day with the area's prime Whale watching operator. This small group tour is a perfect supplement to your Alaska Cruise. Very personal service, and small groups.
